

**M**usic has always played an integral role in the life of the Church. Throughout its history, the Church has been a devoted patron of the musical arts and has cultivated some of the greatest composers and musicians of all time. Good Shepherd Church is proud to continue that long tradition of fostering the arts in our community of Marine Park, Brooklyn.

Since 1995, our church and our music ministry has opened its doors to countless of young, talented musicians and given them the opportunity to perform in our beautiful sanctuary before a live and appreciative audience. As our series has grown in reputation, it has attracted some of the finest young musicians in the city; some of which have performed all over the world and some of which who will soon perform all over the world. It is because of your support that this is happening.

As we enter our 14th year of free Sunday recitals, I want to take this time and thank you for supporting this series with your patronage and your finances, because without you this series of beautiful music making would not be possible.

Please enjoy our 2009 season of free Sunday evening recitals.
